# Rawson Edges Bradley In Close House Fight

# **Recount Fails To Change Original Election Result**

Veteran Representative George E. Rawson was declared a winner over Alderman Joseph G. Bradley by a slim margin of 235 votes following a recount Tuesday of the ballots cast in their close election battle for the seat in the House now held by Rawson.

Totals compiled at the end of the retabulation Tuesday night gave Rawson 9,616 votes and Bradley

Representative John W. Whittemore was the high man by a substantial advantage in the fight in the fourth Middlesex district for two seats in the House of Representatives. But Rawson and Bradley ran almost neck and neck for the second post.

The original returns tabulated on election night gave Whittemore 10,766 votes, Rawson 9,656, Bradley 9,391 and former Alderman Alfred R. Guzzi 8,959.

Bradley made a net gain of 30 votes on Tuesday's recount, cutting Rawson's lead from 265 to 235 votes. But his pickup was not enough to change the result.

On the recount, Rawson lost 40 votes and Bradley lost 10, making a net shift of 30 in Bradley's favor.

Alderman Bradley, who waged so strong a fight against Representative Raw-son, accepted the recount result graciously but declared that he would not decide on whether he would take any further steps until he had consulted with his counsel, Attorney Charles H. McGlue, one of the State's foremost experts on the election laws. "It would appear that I have made a net gain of 30

votes which is not enough to change the original result," Bradley stated.

"I congratulate City Clerk Monte G. Basbas and the Reg-istrars of Voters for the good job they did on the recount and for the despatch and effi-ciency with which it was carried out."

Bradley went on to say that in view of a number of pro-tested ballots and the fact that ballots in two precincts did not show cancellation marks he would not make any Edward J. Quirk, of West further statement until he Newton, has been appointed had conferred with his coun-

# rcolo Is Still An Enigma Closing Month Of Term

Even the legislators have prorogued and gone — temporarily — December will be a momentous h on Beacon Hill, one of which may see more imint developments than any comparable "lame" period in the annals of Massachusetts. It may go down in history as the month of the "big

est" of political plums. The most significant happening will be the appointof a new junior U.S. Senator to fill the seat in the r chamber of Congress which John F. Kennedy will quish as he prepares to move to the Presidency. Speculation is mounting on the choice of Kennedy's ssor, with Congressman Torbert H. Macdonald,

But here are some of the things which political observ- litician, reportedly is planning ers believe may happen on a bi-partisan administration. Beacon Hill during the final His advisers declare that Volpe month of 1960.

Governor Furcolo may appoint Secretary of State Joseph seek to work closer with the D. Ward, unsuccessful candilegislative leadership, especialthe Massachusetts Superior colo.

Ward's appointment would be confirmed by the Executive Council, but he would delay taking the cash of Co. taking the oath of office until after the start of the New Year.

Furcolo then would resign as Governor. Ward would become Governor and would name Furcolo to the Supreme

An alternate rumor is that Furcolo may offer Superior Court Chief Justice Paul C. Reardon a place on the Supreme Court. If Reardon accepts the post on the higher tribunal, Furcolo would be made chief justice of the Superior Court, according to the whispers in State House corri-

dors. One important point in con nection with these reports is that if Furcolo were to become a justice in either the Supreme or Superior Court, he would be obliged to resign from the Governorship at least a week before the end of his term since all judicial appointments must be held by the Executive

Council for a week. This means that if Kennedy delays resigning from the Senate until the very end of the year, Furcolo might then not be the Governor. That is entirely within the realm of pos-

Three or four members of the Governor's Council, who were reelected on Nov. 8, are to be appointed by Governor Furcolo to other positions, one of them as a judge, two of them as court clerks.

Meanwhile, several present and former legislators are collecting pledges of support for the positions they anticipate will become vacant in the Executive Council next year.

One prominent Democratic legislator also has been obtaining pledges of backing for Attorney General to place him-self in a strong positior if Edward J. McCormack, Jr., proves to be the man picked as the present. new Senator from Massachu-

On top of everything else, the special legislative session days before being sworn in on their new jobs. Some of them which Governor Furcolo is conto be a sharp-tempered affair in which the Governor is likely to encounter opposition from

members of his own party. A very small minority of Beacon Hill onlookers, inci-dentally, believe that Furcolo will confound everybody by arranging to have himself appointed to the U. S. Senate and will attempt a political comeback in 1962.

The smallest minority of all determine. predicts that Furcolo will continue as Governor until Jan. 5 and walk down the State House steps. That opinion is confined Won Record Victory to a very few persons.

TOMORROW'S CITIZENS . On Friday, November 18, 70 students spent the day at the United Nations under the direction of their problems of democracy teacher, Mr. Daniel Willard. The group, after arriving by train in New York City, made its way to the United Nations building.

Here, the students toured and witnessed meetings in action. They were seeing all that they had read about, heard about, and seen pictures of

coming to life.
This was Mr. Willard's 10th annual trip. He was assisted by parental chaperones. Both the students who participated in the UN trip and those who learned from hearing about the trip express their thanks to Mr. Willard.

Don't forget December 8th, THE MOST COLORFUL NIGHT OF THE YEAR, with your choice of PETER PAN, TENNESSEE ERNIE FORD, OROUGHO MARK or JACK PAAR. If you have nothing else to do take them all in! But at least be sure to let the youngsters see "Peter Pan," starring Mary Martin and Cyril Ritchard in this great TV classic. This is a new production, not a re-run; two hours of the very best . . in color.

On December 9th, Dr. Frank Baxter will explore the mysteries of the science of genetics on the Bell System Science Series . . . a wonderful show for the whole family! And on December 11th, Richard Boone will host a perenial favorite, "The Wizard of Oz." starring Judy Garland, Frank Morgan, Bert Lahr, Jack Haley and Billie Burke.

### Recount Fails-

(Continued from Page 1)

However, Attorney McGlue, counsel for Bradley, asserted that the cancellation machines ran out of ink in two polling

Counsel for Representative Rawson immediately pointed out that Bradley carried Pre-

cinct 1 of Ward 2 by 28 votes. He further asserted that under a court ruling the voters cannot be disenfranchised by the failure of an apparatus such as a cancellation ma chine

The biggest change resulting from the recount occurred in Precinct 3 of Ward 1 where Bradley made a net gain of 26 votes. In that precinct Bradley picked up 24 votes, and Rawson lost two.

Bradley also made a net pickup of 16 votes in Precinct 1 of Ward 3, where Rawson lost 11 votes and Bradley gained five.

In most of the other precincts the original count made in the rush and stress of election night proved remarkably accurate, with only minor changes, some benefiting Bradley and some Rawson.

Alderman Bradley, whose political strength in Newton

has increased tremendously during the three years he has been in public life, sought the recount on the urging of his supporters.

While Bradley still could take the election into court or to the House of Representa-tives itself, if he chose to do so, because of the protested ballots and the failure of the cancellation stamps to function properly in two polling places, it appeared today that Representative Rawson has been officially reelected to another term on Beacon Hill.

# Hospital Auxiliary Members n **Told Public Relations Need**

Newton Centre, former president of Newton-Wellesley Hospital Aid Association nember of the Council of Massachusetts Hospital Auxiliary Association, this week told public relations directors of Massachusetts hospitals that the primary function of any hospital auxiliary is public re-

Speaking at Boston Lying-In Hospital, Mrs. West said that during World War II, Mrs. America, with true feminine instinct, knew that "people helping people" was the an-swer to her desire to assist in the war effort. Thus was born the new hospital auxiliary as we know it today.

Briefly outlining a history of auxiliary work in hospitals, Mrs. West said that even before World War II, women had been active at Newton-Welles ley Hospital as well as the Massachusetts Memorial and Massachusetts General Hospitals.

The sudden enthusiasm to work descended upon administrators like an avalanche. The need to find someone to take charge of these women led to the establishment of the position of Director of Volunteers. Under her guidance, the women took part in many activities of the hospital learned about privileged communication, hospital operation, and the work of its various departments.

'A well-rounded auxiliary has representatives from every group within the community social, clubs, churches, schools In her contact with these groups, an auxiliary member is bound to speak at some time of her volunteer effort at the hospital", Mrs. West continued. "Thus, in order to interpret the hospital to the community, in order to be an ambassador of good will, she must be informed." Mrs. West spoke of the re-

lationship between the volunteer women and the public re lations departments pitals and how, working to-gether, they can inform the public of the work of the hos pital.

In addition to her many ac tivities throughout the state on auxiliary work, Mrs. West also serves as clerk to the board of trustees of Newton-Wellesley Hospital.

Why Replace Missing Teeth

Fundamentally, there are only two reasons for replac-ing missing teeth. The first being for function and the second for appearance.

To elaborate further, by function, we are referring to the daily requirements made upon our teeth to carry out the mastication of food which is so important to our general health. At this point, the very beginning of the diges-tion of our food takes place. The teeth perform the functions of cutting, grinding and milling the foods that we eat. This of course, is the prime

fuction of teeth.

There is also the secondary role of aiding and helping the formation of words that make up our speech and also as a supporting structure for the facial muscles that are used in laughing, whistling, etc. secondary importance, we have appearance. This is

the most important reason to the patient and rightly since the general morale of a person has a lot to do with how he or she looks.

are many repercussions that can result from the loss of a tooth which can loss of a tooth which can bring about other changes in the dental arch that could that could the dental arch that the dental arch

Governors in the past have endeavored to make things uncomfortable for department heads who were holdovers from previous administrations but have not always been able to force the resignations they were anxious to get.

Governor Furcolo and former Gocernor Herter and Dever all established patterns forcing out department heads they desired to replace. The quiet-mannered Herter was about as successful as any Governor in securing the resignation sought.

Herter, in fact, induced William F. Callahan to resign from the public works commissionership so he could name

#### GOP Head Respected By Democratic Foes

"What we need at the head of the Democratic State Committee is someone like Chick McLean who would devote all his time and energy to running the party."

That remark was made by a Democratic legislator to a small group of Democrats who were discussing the possible choice of a new Democratic State Committee chairman in the event that John M. Lynch is appointed to a federal post by President-elect Kennedy.

It reflected the respect in which McLean is held by Democratic politicians who have been in a position the evaluate his work as head of the official Republican State organization.

The fact is that McLean has in the recent election when he done an outstanding job as defeated Attorney Joseph J. chairman of the Republican Mulhern, Jr., by more than State Committee, as his Demo-State Committee, as his Demo-cratic adversaries regretfully sometimes indirectly,

By JUDY BURAKOFF

HIGHLIGHTS . . . . The first event of the class of 1961 took place on Saturday night. At senior supper over 300 N.S.H.S. seniors enjoyed an evening of enter-tainment and fun. The program of the evening consisted of a chicken pot pie catered meal followed by a musical reveiw and community sing put on by the students.

Due to the efforts of Sue Glickman and her committee chairman, Eliot Sherman, Mara Eglitis, Karen Linn, Jane Kaplan and Judy Burakoff, the affair was considered successful by all who attended.

# Congressman Curtis Reports On Paris NATO Conference

(Ed. Note: Congressman Laurence Curtis, one of nine delegates from the House of Representatives to the Parliamentarians' NATO Conference has cabled a report from Paris declaring that the conference helped cement the alliance. His report follows.)

By LAURENCE CURTIS PARIS - The United States sent a top-notch delegation to the NATO Parliamentarians' Conference in Paris. It was headed by Senator and Vice President-elect Lyndon B. Johnson and Senator J. William Fullbright of Arkansas, chairman of the Senate Foreign Relations Committee.

Our delegation included nine Senators and nine Representatives. I was glad to be appointed a delegate and a member of the Economic Committee, whose work was in line with that of the House Foreign Affairs Committee, on which I serve. Senator John Sherman Cooper of Kentucky, our former Ambassador to India, was a member of the Economic Committee, and Senator Jacob K. Javits of New York was the chairman.

#### Library Opened At Newton South High School

Newton South High School's library officially opened last Thursday, Teachers, students and guests who visited the library during its opening days were invited to sign a Friend of Books register, which will become part of the library's permanent archives.

The library contains 7,000 volumes with 3,000 more on order. An excellent collection of reference books are to be found at the new library, some of which are usually not found in high school libra-ries. The outstanding editions are: Encyclopedia of Art, Encyclopedia of Social Sciences. McGraw-Hill Encyclopedia of Science and Technology, Oxford English Dictionary, den Pictorial Encyclopedia and the Atlas of the Classical

Letters of congratulations were received from such promnent educators as President William E. Park of Simmons College, and Mr. Floyd Rinker, former head of the English Department at Newton High School and now executive Director of the Commission on English, College Entrance Examination Board.

# "Meter Maid" Bill Endorsed By Aldermen

A proposed new law which would allow Newton and other cities and towns throughout Massachusetts to employ out Massachusetts to employ
"Meter Maids" to enforce
parking regulations, received
the stamp of approval from
the Board of Aldermen Monday night.

Alderman William P. Rip-ley, chairman of the Aldermanic legislative committee, sponsored the bill which directed the city solicitor to file the "Meter Maid" bill for the consideration of the incoming Legislature.
Ripley declared that the ac-

tion in sponsoring the bill would not commit the city to accept the law if it is enacted by the Legislature.

The measure allows cities and towns to adopt orders providing for the employment of full-time parking control officers, who may be either men or women. Yesterday was the last day for filing legislative bills at the State

## Santa Claus Visits Main Post Office

Uncle Sam has invited Santa Claus to meet some of the children who have addressed so many letters to the North Pole.

The Jolly Old Fellow will be the main post office in Boston from 1 p.m. to 5 p.m. this Sunday and again next week, Dec. 18 in the lobby.

Postal employees invite parents to bring the children and have them give Santa himself all of the Christmas cards which parents have ready to mail. Last year hundreds of

children met Santa when he visited the main post office while parents mailed cards and packages or purchased stamps.

# **Newton Ties** 1 to 1 in GBI Hockey Opener

The Newton High School Hockey team launched its GBI League season Saturday afternoon at Boston Arena with a 1-1 deadlock with Cambridge Latin, although the locals were minus first-string defenseman Van Thompson and Co-captain Mark Peters. Both were taking college board exams.

Cambridge broke into the scoring column at 1:13 of the second period when Center Bob Hegarty scored from close-in. Assists went to wing Ed Covell and defenseman John St. George.

Within two minutes, New-ton tied the score when center Mike "yan took a pass from Guy Coletti and let go a slap shot from 65 feet out and it caught goalie John Rigazio by surprise.

#### eation of New Judgeship "Irresponsible" Action

Ranking high among the most irresponsible actions en by the members of the Legislature at their late, ented 1960 session was the creation of a third judgein the Norfolk County Probate Court.

This was a flagrant example of the political wheel-and dealing on Beacon Hill which has disgusted so by people.

It is pretty well accepted that there is no need what-

r for another probate judge in Norfolk County. The two judges presently sitting in the Norfolk Pro-Court sent strongly worded telegrams to the legisrs emphasizing that a third judge was not required. s reasonable to assume they would not have done so by were being over-worked.

But the bill creating the unnecessary judgeship was cted into law for two reasons.

1. Governor Furcolo wanted to set up the probate tor a judge in the Boston Municipal Court who also bles as one of Furcolo's top advisers.

2. The legislators desired to make a place available he Boston Municipal Court for a popular colleague.

# Stalled Automobiles Hamper Work Of Busy Snow Fighters

The first snow storm of the season, a paralyzing, gale-driven, pre-winter blizzard, will cost Newton about \$100,000 when all the bills are totalled, Mayor Donald L. Gibbs estimated today. That will represent about 40 cents on the city's tax rate.

For Newton residents the varied expenses resulting from the storm, including shovelling out driveways and the damage to dwellings, trees, shrubbery and automobiles, ran far above the \$100,000-mark.

#### **Snow and Tow** Add to \$15 Woe

The streets had to be cleared of snow, parked cars had to be towed, and to Mayor Donald L. Gibbs. as well as to the police department and street commissioner on the town bill. The tab for towing was \$12.50 between 8 a.m. and

p.m., and \$15 for the night hours between 5 p.m. and 8 a.m. There was an extra charge if a lot of shoveling was involved.

#### Edward J. Cronin To Fill Newton Court Clerk Post

Governor's Councillor Edward J. Cronin of Watertown is slated for appointment by Governor Furcolo as the new clerk of the Newton district court to fill the vacancy created by the death of Walt-er F. Slattery last December.

The salary for the position was increased from \$6000 to Mrs. Lise Williams, 24, of \$10,000 a year by the Governor and Legislature to make ton TB Association, one of the prime reasons for the success of the annual sale of pital for a back injury she retractive for Councillor Cronin. former Boston College football player and now a police he swerved into a snow - COURT CLERK bank to avoid striking the

(Continued from Page 1) rs. Then there are the defeat sts, those who question the se of any kind of community ervice, since we "are sitting on the edge of disaster, any vay." Included in this group re the young people who "sit n the mourners' bench; why lo anything? The future's romises will not be kept, so et what you can while you

The third group is comrised of the people "who just on't want to be bothered," ney want peace of mind-at ny cost. These are the people ho slough off all responsibity onto someone else. They ove to live in a country with restige and power, but do ot want the responsibilities

ttached to same.

In the fourth category, Dr. achar place the "over-sentive" good citizen-the pubservant who runs away too who resigns too early om his community service oung adults, in their first obs, setting up their homes, ften can't wait to join service roups and be of use to their ommunities. But soon they nd out that one has to fight or his point of view; that dis-ent often results; insults; nd sometimes even motiva-ons are questioned. The ears pass and they begin to onder if they're not just asting their time, serving on emmittees, doing their shafe community service. So they sign out; they run away uch too quickly."

"In this kind of service," Dr. achar continued, "one needs thick skin. These young peomust learn early in the ame that civic responsibilcalls for stamina as well idealism."

Dr. Sachar's final category cluded the "Monday morn-g quarterback; the fellow no is never around when we need help, but who, after job has been done, speaks ost eloquently on how it would have been done.

In the annual report given by William S. Brines, di-ector of Newton-Wellesley Iospital, the following de elopments were among hose mentioned: The con erted effort of the hospital o keep up with the times in ill phases of medical care with particular reference the year-old Special Care nit, staffed with the most nodern nursing skills and quipment to help the palent regain his health—in-esive care "around the lock" is its watchword. Alo mentioned was the bene-it in 1960 to the hospital rom the work of the Joint Iospital-Staff Committees n such matters as infection ontrol and patient care. These committees meet at egular intervals and the apport established between he hospital departments nd the staff has been most varding.

Also included was the Medi Education program under direction of Dr. Norman which, the director ated, has "produced an envi-le caliber of medical care in e hospital." Developments several other areas were aldiscussed by Mr. Brines. The director discussed the e of monies received by the spital from many different urces; and he cited the clo mwork petween hospital de rtments and the various inteer services which con bute time, work and money

Particularly emphasized was the challenge which hospital personnel problems present with the many paid employees as well as the hundreds of volunteer workers.

Mr. Brines explained what "coverage" in a hospital means, and touched briefly on the cost of hospital care, noting that 60 percent of

this expense is the payroll. He also mentioned the new public relations program and commented on the importance of the public's being made aware of the alwayscompetence of the hospital when people need

#### Newton Man Is Pomroy House Aided By Two Fraternities

Two fraternities have helped the members of Pomroy House in different ways this month

Alpha Delta Sigma, the national professional advertising fraternity of Babson Institute entertained 30 little boys and girls at Babson's for a Christmas party. Santa Claus pre-sented each child with gifts; cartoons were shown and re-freshments were served. John S. Paine, was the chairman of the afternoon. Members of the fraternity were assisted by young ladies, friends of the fraternity brothers. A bus transported the children from Newton to Wellesley and back.

The fall pledge class of the Dover Club, a colony of Zeta Beta Tau Fraternity, with members of the Pledge Training Committee, from M.I.T. are cleaning and redecorating the girls' playroom in the basement area of the Pomroy House. Walls were swept

Miss Ann Whelan, R.N., B.S., needs no introduction to the many who have come to the Pomroy House on Hovey St., Newton, on days when the Visiting Nurse Association holds the Well Baby Confer-

ence,
At this Red Feather agency babies are weighed and examined, preventive vaccines given — as well as counseling

in nutrition and child care.

A doctor, nutritionist, volunteer and nurses make up a well-traine I team of workers. Here we find Miss Whelan, who comes well prepared, hav-ing graduated from St. Raphel Hospital in New Haven, Conn., and the Boston College School

of Nursing.
On her daily rounds she serves the Newton Corner section to give a bed bath, physical therapy or an injection. Her services are as varied as the ages of people she visits.

She carries out the doctor's orders, answers numerous The Newton High School skaters stayed right up there in striking distance of the GBI hockey race at Roston Arena

### North Church Yule Services This Sunday

The choir of the North Congregational Church, 23 Chapel Street, Newton, will present a Christmas service at 7:30 p.m.

Sunday, December 18.
Foll owing candle-lighting,
the minister, Mr. Gene Nameche, will call the congregation

che, will call the congregation to worship.

The choir, directed by Mrs. Edwin W. Folsom, will sing "Beside Thy Cradle" from Bach's "Christmas Oratorio." "Christ Was Born On Christmas Day" (Traditional German), and "Today There Is Ringing" by F. Melius Christiansene. The women's chorus will present Graf's "Nativity Carol," Kountz's "Come To The Manger" and Anderson's "Lullaby For Mary's Son."

"Lullaby For Mary's Son."
Richard V. McCann will sing
"And There Were Shepherds"
by Wilson.

The men's chorus will give Holst's "Christmas Song," the 13th century plain song "O Come, O Come Immanuel" and Come, O Come Immanuel" and Baldwin's arrangement of "O Come All Ye Faithful." In their last number, a Czech Carol, "Rocking," the men will be accompanied by David McCann on the guitar.

The Christmas meditation, given by Mr. Namerka will be

given by Mr. Nameche, will be followed by the choir singing Holst's "Christmas Day" and, preceding the benediction by Mr. Nameche, will sing Christiansen's "Beautiful Savior."

Eight-year-old Lisa Goldman won thunderous applause recently when she entertained at a Newton High School Club assembly-concert.

Her program consisted of the first movement of the Beethoven Piano Concerto No. in which she was accompanied by members of the School Symphony Orchestra under the direction of Donald March, and the Rondo Capriccioso for solo piano by Felix Mendelssohn.

There was a panel discussion during an interlude, in which the little girl answered questions submitted by members of the Music Apprecia-

tion and Music Theory Classes.
Rusty Muther, club president, and Donna Lawson, co-ordinator of Club activities, presented the questions while Mr. Lasker, the Music Club advisor, acted as moderator.

She explained that she took an interest in the piano at the age of three. Her practice time consists of 25 minutes in the morning, 25 at noon and an hour and a half at night.

Two hundred beginners of the Aleph classes will be con-secrated tomorrow evening, (Friday) at 8:15 p.m., at Tem-ple Emanuel, Newton.

### **Drinking Drivers On Spot** Throughout Holiday Season

Registrar Clement A. Riley in stressing his Christ-mas campaign of "No Drinks For Drivers" this week emphasized the fact that the holiday season throughout the Commonwealth is now in full swing.

The gruesome appendix to this news is the information that 58 died in traffic accidents last December and 9,600 were injured, Many drivers became statistics while speeding to get home after holiday

Registrar Riley warns that it is his duty as chairman of the Massachusetts Highway Safety Committee to warn anyone planning holiday parties to make sure no in-toxicating drinks are served to drivers.
All state and local en-

forcement officials will work as a team throughout the month to apprehend and prosecute all drivers of motor vehicles who have been drinking. Celebrators are advised to

make this their holiday party rule throughout the holiday

Southern States Invited to Secede

A newspaper out of Virginia City, Nevada, published by one-time Boston socialite Lu-cius Beebe, has advanced a half-facetious proposal which is likely to strike a responsive

chord among many Americans. The Territorial Enterprise de-clared that when the centennial of the Civil War is observed next year, it might be a good idea if the President were to reverse past history and decree that the South had won after all.

from such a development would be "dazzling," that progress no longer would be impeded by filibustering Southern Congressmen and that people in the rest of the United States would not have to be ashamed of the actions of Southern dema-

Southern politicians, who egg on the disgraceful riots such as has occurred in New Orleans would be the last to see the point of the editorial or to willingly give up the benefits which accrue to their States from being part of the United States.

It would be a healthy thing if newspapers in the South were to reprint the editorial. It might impress upon some of the ar-

The baton classes and classes in ballet and tap dancing take place on Tuesdays and Thursdays and are so popular that nothing need be said about them beyond the fact that there are waiting lists for

many of the groups.

The Center is just as busy in the evening as it is in the daytime, with many attractions offered for adult groups. Besides the women's clubs which meet on Mondays, there is a social dancing group for men and women on Tuesdays as well as sculpture classes under an unusually talented instructor. Cake decorating classes are offered and very popular and unusually good instruction is available in the Sewing and Tailoring classes. HRISTMAS is a time for remembering the miracle of our Saviour's birth...a time for rejoicing anew in the bright and shining promise of the glorious message of "Peace on Earth, Good Will to Men."

Upon a midnight clear, as herald angels sang and shepherds rejoiced in their field, Christ was born in the little town of Bethlehem 1960 years ago. Today as then, the spirit of Christmas enters the hearts of people everywhere, renewing their brightest hopes, fortifying their courage, reaffirming their faith. Today as then, its transcendent glory undimmed and undiminished by the passage of the centuries, the miracle of our Saviour's birth is the inspiration of man's deepest aspirations, the Divine promise of their joyous fulfillment.

#### Gladsome Festive Season Heralds Birth Of Christ

The spirit of the Christ Child that brought the light of new hope to a troubled world 1960 years ago was reaching a gladsome height here this week.

His birth in a cold and drafty stable in the little town of Bethlehem was being celebrated with song and prayer and Christmas giving.

With the Yuletide gladness mounting toward the flood tide it will reach on Christmas Eve, the community will observe the Birthday of Christ with all the revered and hallowed traditions which have come down

Underlying the glad gaiety and behind the colored lights, the brilliant wreaths and the glistening tinsel was a deep spiritual theme which will be reflected as men, women and children kneel in prayer in the churches of their religion.

Special services will be held on Christmas in all the many churches of the community, as a day of worship and rejoicing

is observed.

Many Catholics will attend Midnight Mass. Even greater numbers will kneel at altar rails to receive the Sacra-ment of Holy Communion on the birthday of the Christ Child.

In many homes Christmas will be a day of family re-unions and get-togethers, of sitting down to a bountiful dinner and good talk with relatives seen only infrequently, if at all, during the year.

#### Christmas 1960

Christmas means Santa and children's dreams And Snowflakes and Icicles and Starlight gleams; Carols and Choruses brightly shining

Church Bells chiming and Sleighbells ringing. The dreams of the young so tiny and small

Expectantly waiting for Santa to call; It means hope to the hungry, the sick, and the old As each page of the Christmas Book they reverently unfold.

It means the warmth of our home with the firelight glowing

And the glitter of frost with the outside a'snowing; The sparkle of tinsel on our trees so bright And the holiday spirit of giving that's right. It's our faith in the future and our hope for world

peace From wars and from trouble a blessed release; It's a love story new that will never grow old The sweetest love story that's ever been told.

Christmas! The story of Christ!!

#### Warm Welcome At Unitarian Yule Services

The First Unitarian Society in Newton at 1326 Washington St., West Newton, extends a warm welcome to any who woul! like to participate in the services on Christmas That all adds up to the fact Sunday when the Rev John Ogden Fisher, minister preach on "The Human Potential—an Example."

The essence of his sermon will be that we celebrate Christmas not because God intervened in history, but be-cause Jesus set an example of how great the human po-tential can be When we con-centrate upon the human factor in the Christmas story we discover the true power of its inspiration. #### LETTERS

Letter To Supt. Brown

Editor. Newton Graphic: Would you please publish this letter which I sent to Superintendent Brown. Mr. Charles Brown,

Superintendent of Schools. Dear Dr. Brown:

Thus far this year our children have lost five normal school days, two because of voting and three because of weather conditions, with the likelihood of more no-school days to come.

1 find my four elementary school children literally beg-ging for extra school time, not to mention my own feelings on the subject! Both the the educational and psychological losses from too much

vacation are obvious.

Would it be possible to eliminate the useless February vacation in order to make up for some of these days?

Sincerely, Joan Morse.

About Skating Places What happens to outdoo recreational facilities for the youngster in Newton for the winter months?

Without a sure supply of natural ice during the skating season, can't the City Fathers find the available playgrounds to flood so that our children can enjoy a day of outdoor skating close to home?

We, in our area, are most fortunate to have a wonderful neighbor who allows the children to use his pond and even worries about the condition of the ice for all those who are going to use it. When I think how the city has put itself out to go along with the spon-sors of Little League baseball I think the city should do even a better job to bring recreational areas for winter for a sport in which the young ster can finally participate, and enjoy a type of day many people seem to think the young people need, a day of HAROLD A. #### Dedicate New Memorial Glass Window

The new Memorial Stained Glass window will be dedicated on Christmas Sunday at the Newton Highlands Congregational Church in memory of the persons for whom money was given in lieu of flowers at the time of their death from 1958 to 1960.

The "Christmas Eve Pag eant" will be held Saturday starting at 5 o'clock in the sanctuary of the church. The pageant was especially writ ten by Edwarrd H. Hastings and it will be directed by him with Mrs. Arthur Fultz and Miss Dorothy Stanley assist-ing. This is being held at an early hour to make it possible for families with small children to attend. The children will bring their "white gifts" and it should be a meaningful and happy time for all.

Following the pageant the Youth Groups of the Church will go forth for their annual Christmas Caroling at the homes of the "shut-ins" of the community, and later at 11 o'clock the church will hold its Christmas Eve Com-munion and Carol Service. All young adults home for Christmas are invited to join the Highlanders and business and college young people in leading the congregation in car-

#### Homemakers Of Newton On Art Linkletter Show

Mrs. William Mannix, 67 Temple Street, West Newton, appeared on the Art Linklet-ter "House Party" television show last week as part of a regular Congress on Better Living program feature.

The Newton woman was se lected by the editors of Mc-Call's Magazine as one of four recent delegates to the Congress, which was held in Washington, D. C.

Mrs. Mannix, mother of three sons and three daughters, was a delegate to the third national Congress on Better Living.

"The Pursuit of Quality" was the general theme of the Congress. One hundred home-maker delegates from all sections of the country met in roundtable sessions to discuss quality in such facets of family life as home building, home equipment, food and entertainment, cosmetics, and automotive topics.

ANNOUNCING PAYMENTS TO RAMBLER BUYERS AS RAMBLER'S SALES VOLUME INCREASES

# Why You Should Join Rambler's New Crusade For Adequate **Progress Sharing With Customers**

GEORGE ROMNEY President, American Motors Corporation

Rambler's rise to a top position has put us in position to undertake a new cru-sade. This program, which could provide greater individual and national benefits than any we've yet undertaken, calls for customer progress sharing.

As volume goes up, costs come down. So, sharing economies that would result from a 50% Rambler sales gain over last year for the period December through March could provide payments to customers of \$18,698,062

But, before presenting our new Rambler crusade, let me review some highlights of the first one.

When we forged our basic Rambler concepts, U.S. cars were in a size, horsepower and styling-change race that cost the car buyer money. So, we developed the compact, economical, modernly engineered Rambler.

#### CONSUMER BENEFITS FROM LOWER PRICES

Because of low volume, we had to price our first Rambler Americans about equal with Chevrolet and Ford, traditionally "lowest priced."

As our output and economies increased, we shared the resulting economic advantages with Rambler customers. Despite inflation, we kept prices low. We also concentrated on durability and quality. That is why Rambler excels in trouble-free operation, as shown by trade surveys made by others.

What has this done? It has increased our sales-made us a vigorous new competitive factor, compelling all competitors to introduce compact cars. Their compact cars unquestionably are better buys than their big cars, be cause their big cars don't have the compacts' advanced engineering

Despite these moves to meet Rambler competition, Rambler American models are now priced not only below competitive big cars but below their

economy compacts as well.

In addition, Ramblers provide customers several exclusive trouble-free "I believe participation by all consumers in economic progress is absolutely necessary in meeting the nation's economic needs."

engineering advances such as the acidproof, rustproof Ceramic-Armored

The Rambler line includes three basic sizes of compact cars-Rambler American, Rambler Classic and Ambassador, the latter two developed after the original American series.

#### RAMBLER SALES SOAR

In two years, Rambler's per cent of market has more than doubled. For the last 38 straight months, Rambler sales have established a new record for that month. We want to continue this growth by serving you even better.

THE NEW RAMBLER CRUSADE Our new Rambler crusade, like our compact crusade, is based on sharing

Rambler progress with car buyers. We believe the new Rambler crusade has timely significance. Our country currently is experiencing a mild economic slowdown-with rising foreign competition and weakness of the dollar. Our larger competitors are considering partial manufacture and importation of cars for the U.S. market from abroad. There is a general profit squeeze.

We believe the greatest single economic cause is that relatively too much of the fruit of industrial effort has been going to a few well organized economic groups, not to the consumer

#### CUSTOMERS TO SHARE RAMBLER PROGRESS

We decided there was something we could do. We decided to share future progress with ALL customers who take

Early buyers can get more, but never less bonds, than buyers in succeeding months. Your Rambler dealer will be happy to give you the complete details of the plan but here is a quick example of how it works and keeps on working for you: If December Rambler deliveries increase 20% over last December, December buyers of new Ramblers or Metropolitans will receive \$50 bonds. As the four-month period progresses, additional bonds will be mailed to the December buyers each time the ulative sales reach a higher bond payment sales level.

Monkeys are caught by filling a coconut shell with chopped coconut meat. The monkeys grasp a fistful and, unwilling to let any go, cannot withdraw their paws. So, they are easy victims. The U.S. consumer is not yet as scrawny as shown, but unless there is a more equitable division of the productivity increases, he will get that way. One of the three American groups must let go and set an example-or all will be captured and, along with the consumer, all will suffer.

AMERICAN MOTORS GAIN You have everything to gain and nothing to lose by joining this crusade. The same is true for us.

You can't lose because Ramblers are better than big cars and the best of the compacts. Ramblers are more troublefree, more useful, lower priced. You make your regular deal in the

regular way for a new Rambler. You

then may share proportionately in the economies and profits of higher Rambler volume in December, 1960, and the first three months of 1961. We gain by acquiring more Rambler owners, which will make our growing market even larger in the future. That's

because Rambler owners become

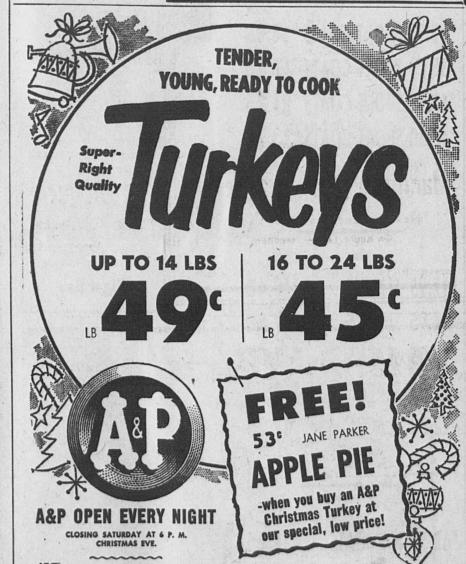

Rambler salesmen and are the most

loyal "repeat buyers" of any make.

Ask your neighbor all about his Rambler, then join the Rambler crusade. Join us in focusing the nation's attention on the essentiality of equitably sharing economic progress with ALL consumers if the WHOLE NATION

P.S. Some may say one company can't do much about national prob-lems as big and complex as those cited above. Well, that's what skeptics said about Rambler's first crusade. Let's remember, every great thing is born small. If this new Rambler crusade is right, it can succeed and spread, just as the compact car concept did.

Mr. Ronney's recent New York Press Con-ference on "Customer Sharing and the Na-tion's Economy" attracted nationwide notice. For complete text of his statements, write American Motors, Box 29, Detroit 32, Mich.

#### **Savings Bond** Sales Rise Is Noted

A rise in U. S. Savings Bond sales in Massachusetts during November was reported by Henry J. Nichols, state Savings Bond chairman.
E and H bond sales in Mas-

sachusetts so far this year total \$103,598,474, as against \$96,392,130 for the period January through November last Statewide sales of Series E

and H bonds for November were \$9,153,111, an increase of \$177,117 over sales for the same month a year ago, Mr. Nichols said. Mr. Nichols described the

boost in bond sales in the state as "the result of outstartling support by industrial and business firms, banks, and individual volunteer leaders."

"Payroll savings campaigns conducted by companies," he said, "as well as the continuing and valuable assistance given by our banks and all forms of media have made the upward sales trend possible. More and more individual Americans have been setting aside money for Savings Bonds as an investment for their own and our nation's security."

year spent approximately \$8 million on its school department and about 12 million on all other operations of the city government.

City Is Able To Reduce Its Debt

Mayor Gibbs reported that the city was able to reduce its outstanding debt about \$500,-000 during 1960. It was one of the very few years in the past decade when the debt has gone down rather than up.

The city paid off slightly more than \$1,900,000 in outstanding debt and borrowed \$1,400,000, of which \$1,200,000 was for the new Warren Junior High School and \$200,-000 was for the construction of new streets.

The Mayor declared that Newton will be faced with a number of problems, some of them of a financial nature, during the New Year. He added that some very important issues for the city hould come to a head before 1961 has run its course.

"We must watch and fight the move for the establishment of a new formula which would allocate the MTA defi-cit on a population basis," Gibbs asserted. "That would cost Newton an additional \$1 million (equivalent to about \$3.65 on the tax rate)."

A similar bill to change the method of distributing the MTA deficit was passed by the State Senate this year but was killed in the House by a margin of six votes. It has been filed again by Boston Mayor John F. Collins for considera-tion at the 1961 legislative

Gibbs expressed hope for legislative approval of a bill he filed seeking permission to es-tablish a traffic commission in Newton. The police chief, fire chief and public works commissioner would serve on the traffic commission.

One issue which Mayor

# Home Rule?

Much has been said and written about the need for giving greater home rule to the cities and towns of Massachusetts and about the fact that the Legislature wastes a great deal of time on matters which should be completely within the province of local municipal

Here is a specific example of what is meant by

Mayor Gibbs desires to create a traffic commission in Newton composed of the police chief, the fire chief and the public works commissioner.

The Mayor believes-and many people agree with - that such a commission could coordinate the various efforts for the control of traffic, the solution of traffic problems and the promotion of safety precau-

But under our archaic laws Mayor Gibbs cannot simply submit a proposed new ordinance to the Board of Alderman for the creation of a traffic commission.

No, indeed! He first must persuade the Legislature to enact a low allowing Newton to establish a traffic

Legislators from Boston and the Berkshires, from and was rejected by the voters Worcester and Cape Cod, from Lawrence and Lowell, from Fall River and New Bedford, must first decide whether Newton should be allowed to have a traffic

In the due course of time they probably will pass the bill, but the likelihood is that it will be April, or possibly even May, before they get around to it.

This is one flagrant illustration of the need for greater home rule for Massachusetts cities and towns. It is one of the explanations why our Legislature invariably sits longer than any other law-making body in the United States.

It is an absurd situation which should be corrected.

### Kennedy Brothers May Face Problem

It is being taken for granted in political circles that either Bob or Ted Kennedy will be running for some public office Newton 58, Mass. in Massachusetts in 1962.

Some political observers be lieve the candidate is more likely to be Ted than Bob since the latter would have to leave his post as U. S. Attorney General 15 months after assuming the job if he were to run in the next State election.

Either Bob or Ted ts likely holders in key State agencies, legislative support than he is to find that there are certain as he has intimated he will do. likely to receive later in his liabilities to being the brother of the President when it comes to seeking public office in their

Newton Graphic,

Dear Sir: I like the following defini-

ion and the use of the White Robe. "In Latin, candidus means "glittering", "white." In ancient Rome, a man campaigning for office wore a white toga and was consequently called Candidatus, "clothed in white." From this comes our word Candidate, with the meaning "one camwith the hieraring one cam-paigning for office, "but without the original signifi-cance as to dress" and in too many cases not the integrity of purpose. However, we now need to go a few steps fur-ther and color code our can-When McCormack first ran didates — for instance, with for the Boston City Council in "Kennedy and Company" it "Kennedy and Company" it should be grey with red stripes to designate the So-cialist-Labor (no relation to work) party. With several of our present office holders in Massachusetts a black robe would be appropriate and the Galbraith ilk from Harvard, Comparatively few persons pink robes (they haven't earned the "red" robe but are working towards it) and so

Do you think we could take some definite action on this entiate and judge candidates in future campaigns.

Richard Mintz of 50 Beau-nont Ave., Newtonville, presi-lent of the Newton World Council announced who are interested in world affairs are being alerted to his week that Mrs. Martin form their discussion units so Carlin of 1353 Walnut St., that they can coordinate with the council's radio and television programs which relate to the same material under discussion for the entire eight week period.

For those people who continually ask how their small voices can in any way influence government workings -here is an answer. The groups will be able to study current world problems so that their discussions will both meaningful and enlightening. There will be opinion ballots provided to be filled out if the group wishes to do so, and the result will be tabu-lated, published and read into the Congressional Rec-

"Our government is well aware of this yearly study going on in homes all over the country." Mrs. Karlin says that "it's importance grows as it numbers swell!" Excellent thouroughly non-partisan background kits will be sold at the Newton Chapter Library and the Newtonville Li-brary, at Filene's at Chestnut Hill, and through Mrs. Karlin Affairs Council.

# 4 Dedham Crash Victims Bought Beer in Newton

Page 13

The first hint that alcoholic beverages were involved in the Dedham auto accident which took four lives came this week when Newton police obtained complaints against a liquor store owner for alleged sale of beer to a group of youths.

According to reports the youths purchased a case of beer in a Newton store on Nov. 22 a few hours before the tragedy. Two Wellesley brothers were among the four victims.

Newton Police Chief Philip Purcell said the storekeeper will be arraigned Jan. 3 in Newton District court on complaints of selling alcoholic beverages to a minor and with contributing to the delinquency of a minor.

more than 70 years. He leaves at St. Mary's Cemetery at 3 his widow, Mrs. Ellen V. (Con ners) Shannon and several He served as chairman of the domestic productions in the U. S. Information Agency's Sister Roberta Maria of the Sisters of Charity, Convent Station, N.J.
